

Alle Pinzetten sind mit Flachstecker oder 2-Pin-Stecker lieferbar und so kompatibel mit allen gängigen HF-Geräten. Die Längenangaben der Pinzetten beziehen sich auf die Gesamtlänge inclusive Stecker

*All forceps are available with flat plug or 2-pin plug and are therefore compatible with nearly all common high-frequency generators. The length details of forceps as stated are relating to the total length including plug.*

*Toutes les pinces sont disponibles avec connecteur plat ou connecteur à 2 broches et, donc, compatibles avec tous les générateurs H.F. courants.*

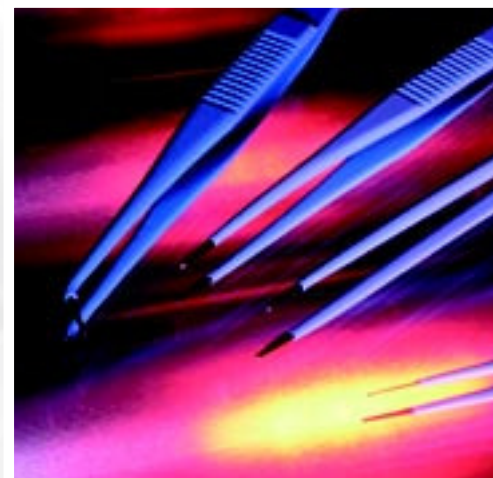

*Todas las pinzas son disponibles con enchufes planos o enchufes de 2 pines por lo que son compatibles con todos los generadores AF corrientes.*

*Tutte le pinze sono disponibili con spina piatta o spina a due pin e, quindi, compatibili con tutti i generatori correnti ad alta frequenza.*
